

September 2015

What's New In August?

Greetings!

We are planning our next meeting tentatively for November 19, 2015. We look forward to having Pediatric Gastroenterologists Drs. Lawrence Adams, who has been practicing now for over 30 years, and his partner, John Stephens, update attendees on food sensitivities, including Eosinophilic Esophagitis. In addition, Lucille Beseler, MS, RDN, who has worked side-by-side with both doctors and is currently President of Family Nutrition Center of S. Florida and President-Elect of the Academy of Nutrition and Dietetics will discuss the complimentary nutritional treatment for these children.

Stay Tuned...

If you are interested in the helping plan the meetings in the future, please let Susie Graham know. We have a Planning Committee meeting on September 16th and we would love to have more people share their ideas!
